TAZEWELL COUNTY, VIRGINIA

Request for Proposal

for

Professional Services

Tazewell County, Virginia is requesting PROPOSALS for services from qualified environmental firms with experience in complete groundwater monitoring services. These services will be utilized to ensure compliance with state and federal guidelines for the Tazewell County Landfill. The Scope of these services is as follows but may not be limited to:

1. *Sampling and Field Activities (including Assessment Monitoring)
2. Laboratory Analysis
3. Potentiometric Modeling and Groundwater Velocity Evaluations
4. Data Reduction and Statistical Evaluation
5. Regulatory Interaction/Reporting

*Please contact County Engineer (276)988-1217 for information on constituents to be sampled.

** The above items should be broken down per event and totaled for an annual price

Other Activities that may be required:

- Review and evaluate historical groundwater monitoring data
- Perform verification sampling events when required
- Prepare alternate source demonstrations
- Additional sampling
- Additional monitoring and reporting

** The above items should be broken down based on an hourly rate (including mileage and travel time).

Proposals shall include the following:

1. Company Overview
2. Proposed staffing of project with statement of experience
3. Scope understanding and project approach
4. Proposed Project Timeline
5. Relevant Project Experience
6. Relevant Local, State, County Experience

Fifteen (15) bound copies of the proposal should be submitted to the County Engineers Office on the second floor at 108 East Main Street Tazewell, Virginia

24651 before 2:00 PM on April 10, 2009. Proposal must be submitted by sealed envelope marked "Complete Groundwater Monitoring Services". Prospective candidates will be selected and interview will be held shortly after the April 10, 2009 deadline. The county reserves the right to reject all proposals, waive informalities, and contract with the applicant whose proposal is in the best interests of Tazewell County. Please direct inquiries to the County Engineer at 276-988-1217.

Jim Spencer, County Administrator
